Junior Scientists Participation Fellowship – Denis Gribkov

Denis Gribkov is a leading process technology expert at Syngenta Crop Protection Muenchwilen AG. Denis studied chemistry at the Moscow State University and received a Ph.D. in organic chemistry from the University of Erlangen-Nuremberg in 2005. From 2005 to 2007 he was a postdoc at Columbia University in the City of New York working on transition metal catalysed C-H bond activation. From 2007 to 2008 he carried out a second postdoc at the Albert-Ludwigs-University of Freiburg in Germany. In 2008 he started his industrial career at Syngenta Crop Protection Muenchwilen AG (Switzerland) as a team leader in process chemistry. During his career at Syngenta he spent a year working as a production chemist at Syngenta's manufacturing site in Monthey and a year at the Syngenta's research department in Stein AG. Denis Gribkov has published tens of scientific papers and patents.
